Greywolf families,

I want to take this opportunity to appreciate the Greywolf staff for all they do for our students. This coming week is officially Teacher Appreciation Week across the nation, and it is a chance for us to express our gratitude for our amazing staff. I often hear stories from families about the things both big and small that teachers have done that have had a positive impact. I hope that you will take a moment sometime next week to jot a quick note or email letting your child's teacher know how the important work they do has enriched your child's school experience.

Hope to see many of you out this weekend as we kick off Irrigation Festival week!

Sequim Schools Strategic Planning & Advisory Groups

What is a Strategic Plan? Strategic Planning is a focus on the future. It is the means by which the school district and the community contribute toward defining priorities, making decisions, and setting goals for our school system. In the end, a guiding document will be developed to articulate the goals, objectives, and desired measurable outcomes. We would love for you to be a part of this journey with Sequim School District.

How can YOU participate in our strategic planning process? Come join a round table! Superintendent Nickels will lead us through an introduction to the planning process and will begin our round table discussions to share perspectives and brainstorm ideas. All meetings will take place at the Guy Cole Event Center (202 North Blake Avenue [Directions](#)) from 6pm-7:30pm
